## **We're looking for one thousand drummers!**

**Woodstick 2007** is proud to announce our biggest-ever drumming event. We're going all out and seeking **one thousand drummers** for our October 27, 2007 extravaganza . Visit [www.woodstick2007.com](http://www.woodstick2007.com) for complete details.

Woodstick already owns the world record for the largest number of drummers playing one song (533 – Guinness Book of World Records – Qwest Field Seattle 2006). We're not out to break our own record, we're out to shatter it. Each participant will receive a certificate as a record holder.

There are many ways you can help Woodstick 2007. It's going to be fun.
